

ANNUAL INFORMATION FORM

MARCH 28, 2013

OFFERING SERIES A AND F UNITS OF:

GLOBAL IMAN FUND

No securities regulatory authority has expressed an opinion about these units and it is an offence to claim otherwise.

The mutual fund and the securities of the mutual fund offered under this annual information form are not registered with the United States Securities and Exchange Commission and they are sold in the United States only in reliance on exemptions from registration.

NAME AND FORMATION OF THE FUND

The Global Iman Fund (referred to as the “Fund”), qualified for sale by this document, is an open-ended mutual fund trust created under the laws of Ontario. The Fund was created under a declaration of trust dated February 6, 2009 (the “**Declaration of Trust**”). The Fund offers units (“units”) in series A (“series A units”) and series F (series F units).

Global Growth Assets Inc. (referred to as “GGAI” or the “Manager”) is the Manager, Trustee and Promoter of the Fund. The head office of the Fund and the Manager is located at 100 Mural Street, Suite 201, Richmond Hill, Ontario, L4B 1J3.

Unless otherwise indicated herein, information about the Fund which may be obtained on GGAI’s website is not, and shall not be deemed to be, incorporated by reference in this annual information form.

Under the provisions of an investment management agreement dated March 3, 2009 (the “**Investment Management Agreement**”), UBS Investment Management Canada Inc., a subsidiary of UBS Bank (Canada), Toronto, Ontario was appointed as the portfolio advisor (referred to as the “**Portfolio Advisor**”).

Under the provisions of a custodial agreement dated November 3, 2008, between CIBC Mellon and the Manager (the “**Custodial Agreement**”), CIBC Mellon was appointed as custodian, record keeper and transfer agent of the Fund.

INVESTMENT RESTRICTIONS

Generally

The Fund is subject to certain restrictions and practices contained in securities legislation, including National Instrument 81-102 *Mutual Funds* (“**NI 81- 102**”). This legislation is designed in part to ensure that the investments of the Fund are diversified and relatively liquid and to ensure the proper administration of the Fund. Except as set out below, the Fund adheres to these standard investment restrictions and practices.

The fundamental objective of the Fund is set out in the Simplified Prospectus and may only be changed with the approval of security holders at a meeting called for that purpose. GGAI may change the Fund’s investment strategy from time to time at its discretion without notice to you. However, we will give Fund investors notice of our intention to make any changes that would be considered a material change as defined in National Instrument 81- 106 – Investment Fund Continuous Disclosure (“**NI 81- 106**”). Under NI 81- 106, a change in the business, operations, or affairs of the Fund is considered to be “a material change” if a reasonable investor would consider it important in deciding whether or purchase or continue to hold securities of the Fund.

Registered Plan Status

Provided the Fund qualifies as a mutual fund trust for purposes of the *Income Tax Act* (Canada) (the “**Tax Act**”), its units will be qualified investments under the Tax Act for trusts governed by registered retirement savings plans (“**RRSPs**”), registered retirement income funds (“**RRIFs**”),

deferred profit sharing plans (“**DSPs**”), registered education savings plans (“**RESPs**”), registered disability savings plans (“**RDSPs**”) and tax-free savings accounts (“**TFSA**s”) (collectively, the “**Registered Plans**”).

The Fund has qualified as a mutual fund trust under the Tax Act effective from the date of its creation in 2009 and is expected to so qualify at all times thereafter. This summary assumes that the Fund will so qualify as a mutual fund trust under the Tax Act. Annuitants of RRSPs and RRIFs and holders of TFSA's should consult with their own tax advisors as to whether units would be a prohibited investment under the Tax Act in their particular circumstances.

DESCRIPTION OF SECURITIES OFFERED BY THE FUND

When you invest in the Fund, you will receive a particular series of units of the Fund. The Fund is permitted to have an unlimited number of series of units and may issue an unlimited number of units of each series. GGAI may establish additional series of units and may determine the rights as between those series without your consent or notice to you. Each unit of a series will entitle an investor to:

- receive a pro-rata share of all net income and net capital gains (or losses) distributions attributable to that series made by the Fund (except for management fee distributions);
- share pro-rata in the net assets of that series upon the wind-up or termination of the Fund;
- vote at all meetings of the Fund (where the nature of the business to be transacted at an investor meeting concerns an issue that is relevant only to holders of a particular series, only holders of that series will be entitled to vote); and
- redeem or switch units to another series of the Fund.

The Fund offers three series of units – series A, series F, series I. Only series A and series F units are available for sale under this document. Series I units are not offered for sale under this document. The Fund offers series I units in reliance upon registration and prospectus exemptions under applicable securities legislation.

With respect to the different series of units described below, GGAI reserves the right to set and change minimum initial purchase amount and subsequent purchase amount requirements for the Fund without notice to you. Without your consent or notice to you, the Manager may establish additional series of units and may determine the rights as between these series.

Series A units: for any investor who initially invests a minimum of \$500 in series A units under either the Initial Sales Charge Option (described below), Deferred Sales Charge Option (described below) or Low-Load Sales Charge Option (described below) whether purchased directly or through a registered plan. The minimum investment for all subsequent investments is \$25. Given the high cost of maintaining accounts, the Fund has the right to redeem your series A units if the book value of your investment is less than \$250. You will be notified when the book value of your series A units in the Fund falls below \$250 and given 30 days to make an additional investment to increase your investment in the Fund to \$250 or more before the redemption is processed.

Series F units: for any investors investing and maintaining a minimum of \$1,000 in the Fund, who are enrolled in a dealer sponsored “fee-for-service” or “wrap” program and who are subject to an asset-based fee (rather than paying commissions on transactions) payable to their dealer for the dealer’s on-going financial planning and advice. GGAI is able to reduce the management fee charged to the Fund on series F units because GGAI does not pay commissions or service fees to dealers who sell series F units of the Fund.

Unitholder Approval

In accordance with National Instrument 81-102 *Mutual Funds* (“**NI 81-102**”), Unitholders of the Fund will be permitted to vote on the following fundamental changes:

- a change to the basis of the calculation of a fee or expense that is charged to the Fund or series, or directly to its Unitholders by the Fund or GGAI in connection with the holding of units of the Fund in a way that could result in an increase in charges to the Fund or series or to its Unitholders;
- a fee or expense to be charged to the Fund or series, or directly to its Unitholders by the Fund or GGAI in connection with the holding of units of the Fund that could result in an increase in charges to that Fund or series or to its security holders, is introduced;
- a change in the Manager of the Fund (unless the new manager is an affiliate of GGAI);
- a change in the fundamental investment objectives of the Fund;
- if the Fund decreases the frequency of the calculation of its net asset value per unit (“NAV”) per unit; and
- certain material re-organizations of the Fund.

In accordance with NI 81-102, the following changes can be made to the Fund without the approval of Unitholders, but Unitholders will be sent written notice at least 60 days prior to the effective date of the change:

- a new fee or expense is charged to the Fund as a result of a change made by a third party at arm’s length to the Fund;
- the Auditor of the Fund is changed; and
- certain material re-organizations of the Fund that are made which do not require Unitholder approval.

Fractional Units

Fractions of units may be issued. Fractional units carry the rights and privileges, and are subject to the restrictions and conditions, applicable to whole units in the proportions which they bear to one unit. However, the holder of a fractional unit is not entitled to vote in respect of such a fractional unit.

Distribution Rights of the Fund

Each series of units of the Fund ranks equally with all other series of units of the Fund in the payment of distributions (other than management fee distributions). A series of units of the Fund

will generally be entitled to the portion of a distribution equal to that series' proportionate share of the adjusted net income of the Fund, less expenses of the Fund attributable to that series and less management fee distributions of that series. Adjusted net income is the Fund's net income adjusted for series expenses. As a result of different expenses being charged to different series of units of the Fund, the amount of distributions for one series of units is likely to be different than for another different series of units.

Liquidation Rights

Units of each series of the Fund will generally be entitled to a distribution on liquidation of the Fund equal to that series' proportionate share of the net assets of the Fund less expenses of the Fund attributable to that series. The rights and conditions attached to the units of the Fund may be modified only in accordance with the provisions attached to such units and the provisions of the Declaration of Trust. A description of the series of units offered by the Fund and the eligibility requirements attached to each series of units is contained in the Simplified Prospectus of the Fund.

VALUATION OF PORTFOLIO SECURITIES

You can purchase, switch and redeem units of the Fund at the current NAV per unit as determined for each series of the Fund at 4:00 p.m. (Eastern Time) on each business day. A "business day" is any day that the Toronto Stock Exchange ("TSX") is open for trading or such other time as GGAI determines appropriate. On each business day, a separate NAV for each series of units of the Fund is calculated based on the market value of that series' proportionate share of the assets of the Fund, less any liabilities of the Fund allocated to that series of units, divided by the total number of units of that series held by Fund investors. The NAV will fluctuate with the value of the Fund's investments.

In calculating the NAV of the Fund at any time, the following valuation principles will apply:

- units of the Fund shall be deemed to become outstanding as of the business day next following the date on which the NAV is determined for the applicable series for the purpose of the issue of, or switch into, such units and the amount received by the Fund shall be deemed to be an asset of the Fund; and
- units of the Fund in respect of which a completed redemption request has been received by the Fund or one of its authorized agents, or that has been switched out of a series, shall be deemed to be outstanding until (and not after) the close of business on the day as of when the next NAV is determined for the applicable series. After the time of such receipt and thereafter, until paid their redemption price, the units shall be deemed to be a liability of the Fund.

The assets of the Fund shall be deemed to include:

- all cash or its equivalents, including cash in currencies of other countries if conversion into Canadian currency cannot be readily effected, on hand, on deposit or on call, including any accrued interest;

- all shares, bonds, certificates of deposit, bankers' acceptances, debentures, notes and other evidences of indebtedness or interest therein, subscription rights and other securities owned or contracted for by the Fund;
- all stock and cash dividends and cash distributions to be received by the Fund and not yet received by it but declared to shareholders of record on a date on or before the date as of which the net asset value per unit is being determined;
- all interest accrued on any fixed interest bearing securities owned by the Fund which is not included in the quoted price of such securities; and
- all other property of any kind and nature including prepaid expenses.

The value of such assets to be determined as follows:

- the value of any cash on hand or on deposit, prepaid expenses, cash dividends declared and interest accrued and not yet received, shall be deemed to be the face amount thereof unless the trustee determines that any such deposit, is not worth the face amount thereof, in which event the value thereof shall be deemed to be such a value as GGAI determines to be fair value thereof;
- the value of any bonds, debentures and other obligations shall be valued by taking the bid price at the time at which the valuation is calculated;
- short term securities including notes and money market instruments shall be valued at amortized cost plus accrued interest;
- subject to GGAI's fair value pricing policy (described below), the value of any security which is listed or dealt in on a stock exchange shall be determined by taking the latest available sale price for a board lot at the time at which the valuation is calculated, or lacking any recent sales or any record thereof, the mean of the latest available ask price and the latest available bid price as at the close of business on the business day or if such stock exchange is not open for trading on that date, then on the last previous date on which such stock exchange was open for trading, all as reported by any means in common use;
- the value of any security, the resale of which is restricted or limited, shall be the lesser of the value thereof based on reported quotations in common use and that percentage of the market value of securities of the class or series of a class of which the restricted security forms part that are not restricted securities, equal to the percentage that the Fund's acquisition cost was of the market value of the securities at the time of acquisition, but taking into account, if appropriate, the amount of time remaining until the restricted securities will cease to be restricted securities;
- a long position in an option or a debt-like security shall be valued at the current market value of the position;
- the value of a standardized future shall be, if daily limits imposed by the futures exchange, through which the standardized future was issued are not in effect, the gain or loss on the standardized future that would be realized if, on the date that valuation is made, the position in the standardized future were to be closed out; or, if daily limits imposed the futures exchange through which the standardized future was issued are in effect, based on the current market value of the underlying interest of the standardized future;

- where a covered clearing corporation option, option on futures or over-the-counter option is written, the premium received by the Fund shall be reflected as a deferred credit which shall be valued at an amount equal to the current market value of the clearing corporation option, option on futures or over-the-counter option that would have the effect of closing the position. Any difference resulting from revaluation shall be treated as an unrealized gain or loss on investment. The deferred credit shall be deducted in arriving at the NAV of the Fund. The securities, if any, which are the subject of a written clearing corporation option or over-the-counter option shall be valued at their current market value;
- the value of a forward contract or swap shall be the gain or loss on the contract that would be realized if, on the date that valuation is made, the position in the forward contract or swap were to be closed out;
- margin paid or deposited on standardized futures or forward contracts shall be reflected as an account receivable and margin consisting of assets other than cash shall be noted as held as margin;
- all assets of the Fund valued in a foreign currency and all liabilities and obligations of the Fund payable by the Fund in foreign currency shall be converted into Canadian currency on each business day on the basis of the foreign currency exchange rate obtained from the best available sources to the trustee including, but not limited to, an accounting agent appointed by the trustee or any affiliate of such accounting agent;
- the value of any security or property of which, in the opinion of the trustee, the above principles cannot be applied (whether because no price or yield equivalent quotations are available as above provided, or for any other reason) shall be the fair and reasonable value thereof determined in such a manner as the trustee from time to time provides.

The liabilities of the Fund shall be deemed to include:

- all bills, notes and accounts payable;
- all administrative expenses payable or accrued, or both (including management fees);
- all contractual obligations for the payment of money or property, including any amount of declared but unpaid distributions immediately after a business day as of which the NAV is being determined to the holders of units of the Fund of record at or before such business day;
- all allowances authorized or approved by the trustee for taxes (if any) or contingencies; and
- all other liabilities of the Fund whatsoever kind and nature except liabilities represented by outstanding units of the Fund and the balance of any undistributed income or capital gains.

CALCULATION OF NET ASSET VALUE

GGAI has the discretion to deviate from the Fund's valuation practices in certain limited circumstances. The Fund may, from time to time, trade in, or otherwise be exposed to, securities listed on exchanges located in foreign markets ("foreign securities"). Generally, these foreign markets operate at different times relative to North American markets, like the TSX. As a result, the closing price of securities that trade on these foreign markets may be stale by the time the Fund calculates the NAV. For example, this situation may arise where a significant event that

would materially affect the value of the foreign security occurs after the close of the foreign exchange but before the Fund calculates its NAV. Examples of such significant events could include natural disaster, acts of war or terrorism, a substantial fluctuation in foreign markets, unforeseen governmental actions or a halt in trading of the foreign security. In these situations, GGAI may, in consultation with the Portfolio Advisor, fair value a foreign security using procedures established and approved by GGAI if it determines that the value of such foreign security held by the Fund is unavailable or otherwise unreliable.

These procedures may include the use of independent pricing services. In such cases, the value of the foreign security will likely be different from its last quoted price. Also, it is possible that the fair value price determined by GGAI may be materially different from the value realized when the foreign security is sold.

The NAV calculation policies may differ from Canadian generally accepted accounting principles (“GAAP”). The primary difference is that Canadian GAAP requires the use of bid pricing to value long securities traded in an active market and ask price for short securities, whereas NAV is calculated based on closing trade price. In accordance with NI 81-106 the financial statements of the Fund will include an explanation of the difference between net asset value per unit and net assets per GAAP.

The issue and redemption price of units of the Funds is based on the Fund’s NAV next determined after the receipt of a purchase order and a redemption order.

The NAV for a series of units of a Fund is determined as at any particular time on a business day in accordance with the following calculation:

- (i) the series NAV last calculated for that series; plus
- (ii) the increase in the assets attributable to that series as a result of the issue of units of that series or the redesignation of units as that series since the last calculation; minus
- (iii) the decrease in the assets attributable to that series as a result of the redemption of units of that series or the redesignation of units out of that series since the last calculation; plus or minus
- (iv) the proportionate share of the net change in non portfolio assets attributable to that series since the last calculation; plus or minus
- (v) the proportionate share of the net portfolio transactions attributable to that series since the last calculation; plus or minus
- (vi) the proportionate share of market appreciation or depreciation of the portfolio assets attributable to that series since the last calculation; minus
- (vii) the proportionate share of the common expenses allocated to that series since the last calculation; minus
- (viii) any series expenses allocated to that series since the last calculation.

The Manager will make available the daily NAV per security of the Fund. Such information will also be available on request, free of charge, by calling the Manager toll free at 1-866-680-4734.

PURCHASE AND SWITCHES

Units of the Fund are offered for sale on a continuous basis and can be purchased by submitting a purchase order to your dealer. All purchase orders must be transmitted by your dealer to GGAI on the same day that they are received. Such orders are to be transmitted by courier, priority post or telecommunications facility without charge to you. It is the responsibility of your dealer to transmit orders to us in a timely manner and to assume all associated costs.

The Fund does not intend to issue certificates for units. Ownership will be evidenced by entry in the register maintained by the Fund's registrar.

GGAI has discretion to reject any purchase order. The decision to accept or reject any purchase order will be made within one business day of receipt of the order. If the purchase order is rejected, all purchase monies received with the order will be refunded immediately.

Payment of the total amount of the purchase order and all necessary documents must be received by GGAI within three business days of receipt of your purchase order. In the event that payment or documents have not been received within this period, GGAI will submit an order to redeem the number of units purchased on the next business day and will pay the redemption proceeds to the Fund. The proceeds of the redemption will be used to reduce any amount owing to the Fund. Any excess will belong to the Fund. Any shortfall will initially be paid to the Fund by GGAI, but we may collect such amount, together with the charges or expenses incurred, from the dealer who placed the order. Your dealer has the right to collect these amounts from you.

You can purchase, switch and redeem units of the Fund at the current NAV per unit as determined for each series of the Fund at 4:00 p.m. (Eastern Time) on each business day. A "business day" is any day that the TSX is open for trading or such other time as GGAI determines appropriate. On each business day, a separate NAV for each series of units of the Fund is calculated based on the market value of that series' proportionate share of the assets of the Fund, less any liabilities of the Fund allocated to that series of units, divided by the total number of units of that series held by Fund investors. The NAV will fluctuate with the value of the Fund's investments.

The issue price of units is based on the NAV of a unit of that series next determined after the receipt by the Fund of the purchase order. All requests received by GGAI prior to 4:00 p.m. (Eastern Time) on a business day for a purchase, switch or redemption of units of a series of the Fund will be executed that same business day using that business day's NAV for the applicable series. Requests received by GGAI after 4:00 p.m. (Eastern Time) on a business day will be executed on the following business day using that following business day's NAV for the applicable series.

A dealer may make provision in arrangements that it has with a Unitholder that will require the Unitholder to compensate the dealer for any losses suffered by the dealer in connection with a failed settlement of a purchase of units of the Fund caused by the Unitholder.

Purchasing Series A Units

You may choose from three purchase options when purchasing series A units of the Fund, namely the Initial Sales Charge Option, Deferred Sales Charge Option or Low Load Sales Charge Option. You will be deemed to purchase series A units of the Fund by the Initial Sales Charge Option unless you specify otherwise at the time the purchase order is placed.

- **Initial Sales Charge Option** – you negotiate a sales charge with your dealer at the time of purchase of series A units (see “Sales Charges” in the fees and expenses table of the Simplified Prospectus for more information). There may be additional fees to pay if you switch or redeem your series A units within 90 days of purchase or switch — see “Short-Term Trading Fee” below for more information.
- **Deferred Sales Charge Option** – no fee is payable by you to your dealer at the time of purchase of series A units. However, a fee (expressed as a percentage of the purchase price of the series A units redeemed or switched) may be payable at the time of sale if you redeem or switch your series A units during the first seven years from the date of purchase (see “Redemption Charges” in the fees and expenses table for more information). A free redemption entitlement may apply to the redemption of series A units purchased under this purchase option – see “Free Redemption Privilege” for more information.
- **Low Load Sales Charge Option** – no fee is payable by you to your dealer at the time of purchase of series A units. However, a fee (expressed as a percentage of the purchase price of the units redeemed or switched) may be payable at the time of sale if you redeem or switch your series A units within three years from the date of purchase (see “Redemption Charges” below for more information).

Your dealer will receive different compensation depending upon the purchase option selected by you. The fees which you will pay and the time at which you will pay them will vary depending upon the purchase option selected by you.

Purchasing Series F units

Series F units are only available through dealers or financial planners who offer certain “wrap” or “fee for service” programs that have been approved by GGAI. An investor in one of these programs pays a fee to his or her dealer based on the assets in that investor’s account and/or for on-going financial planning and advice. The investor must maintain, in aggregate, a minimum of \$1,000.00 in the Fund. Your dealer or financial adviser must enter into an agreement with GGAI before selling series F units. Dealer participation in the series F unit program is subject to terms and conditions determined by us from time to time.

There are no sales charges, redemption fees or service fees payable on the purchase or sale of series F units.

If you cease to be eligible to hold series F units, we may switch your series F units into series A units of the Fund after giving you 30 days’ prior notice, unless you notify us during the notice

period and we agree that you are once again eligible to hold series F units. On a switch from series F to series A units, Unitholders will be required to choose a purchase option and pay the fees and charges applicable to that purchase option. If you do not choose a purchase option, you will be automatically deemed to have chosen the Initial Sales Charge Option - see “Purchasing Series A units” above.

Pre-Authorized Chequing Plan

The Pre-Authorized Chequing Plan (the “**PAC Plan**”) allows you to make periodic investments in series A and series F units of the Fund. The PAC Plan allows you to:

- make regular investments of as little as \$25 each;
- have the payments drawn directly from your bank account;
- change the amount you invest at any time; and
- change the frequency of your investments, or cancel the arrangements, at any time.

In the event a cheque is dishonoured under the PAC Plan for any reason, including insufficient funds, there may be a \$35 charge.

This program is offered free of charge, other than applicable sales charges. GGAI may cancel or change this service at any time.

Automatic Reinvestment of Distributions

All distributions by the Fund will be automatically reinvested in additional units of the same series of the Fund held by the investor at the NAV thereof. No commissions are payable upon automatic reinvestment of distributions. Reinvested distributions will be redeemed on a pro rata basis with the units upon which the distributions were paid.

Switching Between Series of the Fund

You may switch series A units of the Fund into series F units of the Fund through your dealer if you meet the series F eligibility criteria set out above. Before switching any series A units of the Fund into series F units, a fee may be payable if the series A units were purchased under the Low Load Sales Charge Option or Deferred Sales Charge Option.

Your dealer may charge you a switch fee of up to 2% of the value of the switched units if you switch from series A units to series F units of the Fund. You may be charged a short-term trading fee in addition to a switch fee if you switch units within certain time periods. See “Purchases, Switches and Redemptions” and “Short-Term Trading Fees” for additional information.

GGAI may switch your series F units of the Fund into series A units of the Fund upon 30 days prior notice if you cease to be eligible to hold series F units in your account. GGAI will not make the switch if your dealer notifies us during the notice period, and we agree that you are once again eligible to hold series F units. On a switch from series F units to series A units, Unitholders will be required to choose a purchase option and pay the fees and charges associated

with that purchase option. If you do not choose a purchase option, you will be automatically deemed to have chosen the Initial Sales Charge Option - see “Purchasing Series A units” above.

Switching units of one series for units of another series of the same Fund is not a disposition for tax purposes. See “Income Tax Considerations” for more information.

REDEMPTIONS OF SECURITIES

Unless we have suspended the right to redeem units, you may redeem your units for cash at any time at the series NAV per unit redeemed. A short-term trading fee may apply. You may redeem all or a portion of your units of the Fund on any business day by delivering a written redemption order to your dealer. Your request must be signed by you and, for the protection of investors, GGAI may require that your signature be guaranteed by a guarantor acceptable to GGAI. The redemption price of the units is based on the NAV of the series units next determined after the receipt of the Fund of the redemption order.

GGAI must receive all necessary documentation within ten business days of receipt of the redemption order. The investor will be sent the redemption proceeds within three business days of the date the units were priced subject to GGAI receiving all necessary documentation. Additional documentation may be required if the investor is a corporation, partnership, agent, a trustee acting for someone else or a surviving joint owner.

If the documentation is not received within ten business days of receipt of the redemption order, the redemption order will be reversed by processing a purchase order on the tenth business day for the number of units that were redeemed. The redemption proceeds will be used to pay for the units purchased. Any excess proceeds belong to the Fund. Any shortfall will be paid to the Fund by GGAI. However, GGAI will be entitled to collect the shortfall, plus any costs involved, from the dealer who placed the redemption request. That dealer, in turn, may seek to collect this amount plus the expenses of doing so from the investor on whose behalf the redemption request was made.

If you purchased series A units under the Deferred Sales Charge Option or Low Load Sales Charge Option, redemption charges may apply - refer to “Redemption Charges” below for more information. The charge payable by you at the time of sale will be determined by applying the fee schedule of the Fund which was originally purchased by you, regardless of whether you have since transferred all or any portion of that investment to another Fund. This redemption charge will be deducted from the redemption proceeds and will be paid to GGAI or to an appropriate partnership, trust, or other entity, which paid the selling commission on the particular series A units being redeemed.

In order to deter certain trading activities that can be detrimental to the Fund and its investors, such as frequent purchases and redemptions of the Fund by the same investor, GGAI may trigger the imposition of a short-term trading fee – see “Short-Term Trading Fees” below for more information. Short-term trading fees are in addition to any applicable initial sales charges, deferred sales charges or switch fees that may apply.

Redemption Charges

- Initial Sales Charge Option - No fee when you redeem series A or series F units unless you switch or redeem them within 90 days of purchases or switch. See “Short-Term Trading Fees” above.
- Deferred Sales Charge Option - Except for redemptions made under the free redemption privilege described under “Free Redemption Privilege”, the following fees, based upon a percentage of the purchase amount, will apply if you redeem series A units or switch them to series F units within the first seven years from the date of your purchase:

<u>Year after purchase</u>	<u>Fee</u>
1st	5.75%
2nd	5.50%
3rd	5.00%
4th	4.50%
5th	4.00%
6th	3.50%
7th	2.00%
after the 7th	Nil

- Low Load Sales Charge Option - The following fees, based upon a percentage of the purchase amount, will apply if you redeem series A units or switch them to series F units within the first three years from the date of your purchase:

<u>Year after purchase</u>	<u>Fee</u>
1st	3.00%
2nd	2.50%
3rd	2.00%
after the 3rd	Nil

Free Redemption Privilege

You may redeem (or switch to the Initial Sales Charge Option) in each calendar year, without paying a deferred sales charge, up to:

- 10% of the number of series A units purchased under the Deferred Sales Charge Option and held by you at December 31 of the previous year, plus
- 10% of the number of series A units purchased by you during the current calendar year under the Deferred Sales Charge Option on or prior to the date of redemption, less

- the number of series A units you would have received if you had reinvested any cash distributions you received during the current calendar year.

Any unused portion of the free redemption of deferred sales charge units cannot be carried forward to subsequent years.

Suspending The Right to Redeem Units

We may suspend the right to redeem units of the Fund or postpone the date of payment upon redemption:

- during any period when normal trading is suspended on any exchange on which securities are listed which, in the aggregate, represent more than 50% by value or underlying market exposure of the total assets of the Fund without allowance for liabilities and if those securities are not traded on any other exchange that represents a reasonably practical alternative; or
- with the prior permission of the Ontario Securities Commission.

During any period of suspension, no calculations of NAV will be made and the Fund will not be permitted to issue further securities or redeem any securities previously issued. The calculation of the NAV will resume when trading resumes on the exchange or with the permission of any securities commission or regulatory body having jurisdiction. If the right to redeem units of the Fund is suspended and you make a redemption request during that period, your units will be redeemed by the Fund in accordance with the redemption request at the NAV first calculated following the end of the suspension period.

Short-Term Trading Fees

If you redeem or switch units of the Fund within 90 days of purchase, you may be charged a short-term trading fee of 2% of the value of the units redeemed or switched. We may waive this fee at our discretion. This fee does not apply to units purchased under GGAI's systematic plans (such as the PAC Plan and the Systematic Withdrawal Plan). Short-term trading fees are paid to the Fund from which the units are redeemed or switched and are in addition to any other redemption or switch fees that may be payable by you.

This fee is designed to protect Unitholders from other investors moving quickly in and out of the Fund. Frequent trading can hurt the Fund's performance by forcing the Portfolio Advisor to keep more cash in the Fund than would otherwise be needed or to sell investments at an inappropriate time. It may also increase the Fund's transaction costs.

Short-term trading fees are in addition to any applicable initial sales charges and deferred sales charges that may apply. In addition to any applicable short-term trading fee, GGAI may, in its sole discretion, decline future purchase or switch orders if we determine that a particular Unitholder's trading activities are detrimental to the Fund or otherwise disruptive to efficient portfolio management. Such transactions could be rejected by GGAI because of the timing or amount of the order or because of a history of excessive trading.

RESPONSIBILITY FOR MUTUAL FUND OPERATIONS

Manager, Trustee and Promoter

GGAI acts as the Manager, Trustee and Promoter of the Fund pursuant to the provisions of the Declaration of Trust and the Master Management Agreement between the Fund and GGAI dated as of February 6, 2009 (the “**Management Agreement**”). It is the responsibility of the Manager to perform general management and administration of the Fund, which includes the provisioning of office services and facilities. GGAI duties also include acting as the Trustee of the Fund. The head office of GGAI is located at 100 Mural Street, Suite 201, Richmond Hill, Ontario, L4B 1J3, 416-642-3532, or toll-free at 1-866-680-4734 or by email at info@globalgrowth.ca. The Manager’s website is www.globalgrowth.ca.

Pursuant to the Declaration of Trust, the Trustee may resign as Trustee of the Fund by giving ninety days written notice to Unitholders and the Manager. The Manager may terminate the Management Agreement by giving the Fund and the Trustee ninety days written notice. The Management Agreement is also immediately terminable by either party in the event one party ceases to carry on business, becomes bankrupt or insolvent, resolves to wind up or liquidate or has an examiner appointed in relation to it or if a receiver of any of its assets is appointed or if the other party materially breaches the Management Agreement and does not remedy the breach within thirty days notice. The Trustee may terminate the Fund with the approval of a majority of unitholders of the Fund or where the NAV is insufficient to warrant the cost of continuing the administration of the Fund.

The following are the names, municipalities of residence, offices and principal occupations or business activities during the five years preceding the date hereof of the directors and senior officers of the Manager:

<i>Name and Municipality of Residence</i>	<i>Office with the Manager</i>	<i>Principal Occupation for the Last Five Years</i>
Sam Bouji, M.B.A. Brampton, Ontario	Director since 2008, Chief Executive Officer and President	Director, Chief Executive Officer and President
Azza M. Abdallah, LLB Ajax, Ontario	Director since April 2011, Officer, Corporate Secretary and General Counsel Chief Compliance Officer	Officer, Corporate Secretary and General Counsel Chief Compliance Officer
Frank Gataveckas Acton, Ontario	Director since April 2011	Director and Secretary of the Foundation; Chief Financial Officer of the Foundation (August 2008 to 2010); Director, Global RESP Corporation (June 1997 to Present)
Russell Mercado, CPA, CA	Chief Financial Officer	Auditor

Mississauga, Ontario	since November 2012	
----------------------	---------------------	--

Management Fees

For its services rendered to the Fund, GGAI receives from the Fund an annual management fee (accrued daily and paid monthly) which is unique to each series of units and calculated as an annual percentage of the Fund's average daily NAV attributable to the applicable series of units:

Series A	2.50%
Series F	1.50%

Management fees are subject to applicable taxes, including HST.

Portfolio Advisor

GGAI has retained UBS Investment Management Canada Inc., a subsidiary of UBS Bank (Canada) to act as Portfolio Advisor pursuant to the Investment Management Agreement. The Portfolio Advisor is responsible for the management of the Fund's assets. This includes the provision of investment analysis, investment recommendations and the making of investment decisions. The Portfolio Advisor is also responsible for the purchase and sale of portfolio assets by the mutual fund and the making of brokerage arrangements relating to the portfolio assets.

The relationship is managed through a dedicated team of service professionals located in the Portfolio Manager's Toronto office located at 154 University Ave, Suite 800, Toronto, Ontario, M5H 3Z4.

Investment decisions for the Fund are overseen by a portfolio management team that is subject to reviews by the local investment committee. The current head of portfolio management is Tony Ciero, Director & Portfolio Manager while Chris Tzongas, Associate Director & Associate Portfolio Manager serves as the associate.

Name	Title	Duration of Service and Experience
Tony Ciero, CFA	Director and Portfolio Manager	3.5 years with UBS Investment Management Canada Inc.; Previously with BMO Harris Private Banking; 13 years total industry experience
Chris Tzongas, CFA	Associate Director and Associate Portfolio Manager	4.0 years with UBS Investment Management Canada Inc.; Previously with Scotiabank; 7.5 years total industry experience

The Investment Management Agreement may be terminated by either party upon sixty days written notice. The Investment Management Agreement is immediately terminable by either

party upon a material breach or the occurrence of other certain events. GGAI will pay the Portfolio Advisor an investment management fee arising under this agreement from its management fee.

Brokerage Arrangements

The Portfolio Advisor is responsible for initiating and maintaining brokerage arrangements for the purchase and sale of securities for the Fund's portfolios other than order execution. The primary objective in choosing brokers for the purchase and sale of securities for the Fund's portfolio other than order execution is to obtain competitive net results, taking into account such factors as commission fees, provision of research, size of order, difficulty of execution, and the degree of skill require of the broker/dealer. The capability and financial condition of the broker may also be criteria for the choice of broker.

The services provided include industry and company analysis, economic analysis, statistical data about the capital markets or securities, analysis or reports on issuer performance, industries, economic or political factors and trends, and other services, including databases or software to deliver or support those services. Remuneration for these services is paid through brokerage commissions on trades executed on behalf of the Fund.

No broker/dealers have, since the date of the last annual information form, provided investment decision-making services in the nature of research, statistical and other services to the Portfolio Adviser or Sub-Advisers, other than order execution.

The name of any dealer or third party that provided a good or service will be provided upon request by contacting the Fund at 1-866-680-4734 or at info@globalgrowth.ca.

Custodian, Registrar and Transfer Agent

GGAI has engaged CIBC Mellon to act as the custodian, registrar and transfer agent of the Fund. CIBC Mellon is responsible for Fund valuations, Fund accounting and maintaining Unitholder records. CIBC Mellon is the custodian of the assets of the Fund. The register of units of the Fund is kept at the principal business address of CIBC Mellon at 320 Bay Street, P.O. Box 1, Toronto, Ontario, M5H 4A6.

The Custodial Agreement may be terminated by the parties thereto on ninety days written notice or immediately upon the insolvency, bankruptcy or appointment of a receiver to a party. Under the registrar and transfer agent agreement dated November 3, 2008, (the "**Registrar and Transfer Agency Agreement**"), the agreement may be terminated by the parties thereto on 90 days written notice.

Auditor

GGAI has appointed Deloitte LLP as auditor of the Fund. The principal business address of Deloitte is Suite 1400, Brookfield Place, 181 Bay Street, Toronto, Ontario M5J 2V1.

CONFLICTS OF INTEREST

Principal Holders of Units - Global Iman Fund

As of February 28, 2013, there are no Unitholders of the Fund that own or control, either directly or indirectly, 10% or more of the Fund's units or net asset value.

Principal Holders of Securities — Manager

GGAI is 100% owned by Mr. Sam Bouji, Chairman, CEO, President and Director of the Manager.

Affiliated Entities

Global RESP Corporation (“**Global RESP**” or “**GRESP**”), an affiliate of the Manager, provides back office administration services to the Fund. Global Maxfin Investment Inc. (“**GMII**”), also an affiliate of the Manager, is a dealer of the Fund.

The following diagram shows the corporate relationship between the Manager, GRESP and GMII as at the date of this annual information form:

The amount of fees received from the Fund by each of GRESP and GMII is contained in the audited financial statements of the Fund.

The following individuals, who are directors or officers of the Manager, are also directors or officers of GRESP or GMII or both:

Name	Position with GGAI	Position with Affiliate(s)
Sam Bouji	Director, CEO and President	Director, CEO and Chairman, GRESP and GMII
Frank Gataveckas	Director	Director, Vice-President and Secretary, GRESP

FUND GOVERNANCE

Independent Review Committee

The Manager has established an Independent Review Committee (the “IRC”) for the Fund. The IRC is made up of three individuals, who are fully independent of the Manager and its affiliates. Sue Bochner, Bibi Nazreen Ali, whose terms have ended, and Richard Healy having resigned, the current members are as follows: Bruce Monus (Chair, Toronto, Ontario), Chandler Singh (Toronto, Ontario) and Ahmed A. Khan (Toronto, Ontario).

The IRC will operate in accordance with the applicable securities laws, including National Instrument 81-107 *Independent Review Committee for Investment Funds* (“**NI 81-107**”). GGAI is required under NI 81- 107 to identify conflicts of interest inherent in the management of the Fund and request input from the IRC on how to manage those conflicts of interest, as well as its written policies and procedures outlining its management of those conflicts of interest. In accordance with NI 81-107, the IRC considers and provides recommendations to GGAI in connection with such conflicts of interest. The IRC provides its recommendations to GGAI with a view to the best interests of the Fund. The IRC reports annually to Unitholders of the Fund as required by NI 81- 107. The reports of the IRC are available free of charge from GGAI on request by contacting GGAI at info@globalgrowth.ca and are posted on GGAI’s website at www.globalgrowth.ca.

The compensation and other reasonable expenses of the IRC are paid pro-rata out of the assets of the Fund and other funds managed by the Manager. For the last financial year, the IRC members collectively received \$20,500 in compensation for services provided to the Fund and other funds managed by the Manager, of which \$1,570 was allocated to the Fund.

Policies Related to Proxy Voting

GGAI has established the policies and procedures governing proxy voting. GGAI has delegated responsibility for proxy voting to the Portfolio Advisor who advises the Fund. The Portfolio Advisor has outsourced the voting responsibility to an independent proxy analysis and voting service.

The Fund has adopted standard policies (set forth below) to ensure that proxies received by the Portfolio Advisor in respect of securities held by the Fund are voted in the best interest of the Fund.

The following guidelines summarize the corporate governance principles which the Fund will generally support through the exercise of votes on these issues:

- Boards of Directors – resolutions that promote the effectiveness of boards in acting in the best interests of shareholders. Proxies will be voted in favour of the election of directors for boards having a majority of independent directors and an independent chair, where the chairs of all board committees and at least a majority of committee members are independent.
- Auditor and Auditor Compensation – where all members of an issuer’s audit committee are independent, proxies will be voted in favour of the appointment of auditors and the approval of the recommended auditor compensation.
- Management Compensation – to support compensation arrangements that are tied to long-term corporate performance and shareholder value. These arrangements should induce management to purchase and hold equity in the company to better align management’s interests with those of shareholders.
- Changes in Capitalization – to recognize the need for management of an issuer to have flexibility in the issue or buyback of shares to meet changing financial conditions. Changes in capitalization will generally be supported where a reasonable need for the change is demonstrated, however changes resulting in excessive dilution of existing shareholder value will not be supported.

Non-routine matters will be addressed on a case-by-case basis with a focus on the potential impact of the vote on shareholder value.

Where a vote presents a conflict between the Fund (or the Unitholders) and GGAI (or portfolio advisor), the approach taken to resolve the conflict and vote the proxy will be documented in writing. Possible resolutions may include: (i) erecting information “walls” around the person or persons making the voting decision; or (ii) exercising other voting options that are consistent with the Fund’s commitment to vote proxies in the best interests of the Fund; or (iii) outsourcing the voting responsibility to an independent proxy analysis and voting service. The Portfolio Advisor will, on a periodic basis, provide GGAI with a list of companies that are related and connected issuers with such Portfolio Advisor.

The Fund’s proxy voting record for the most recent twelve-month period, ending June 30th, is available free of charge to any Unitholder of the Fund upon request at any time after August 31 of that year. This record can be requested by contacting the Manager at 416-642-3532 or toll-free at 1-866-680-4734 or by writing to 100 Mural Street, Suite 201, Richmond Hill, Ontario, L4B 1J3 or at <http://globalgrowth.ca/marketing/index.htm>.

Short-Term Trading Policies and Procedures

The Manager has adopted policies and procedures to monitor, detect and deter inappropriate and excessive short-term trading. An inappropriate short-term trade is defined as a purchase and redemption within 90 days that the Manager sees as being detrimental to other Fund unitholders.

If you redeem or switch units of the Fund within 90 days of purchase, you may be charged a short-term trading fee of 2% of the value of the units redeemed or switched. The Manager may waive this fee in special circumstances. See “Short Term Trading Fees”.

The Manager may, in its sole discretion, decline future purchase or switch orders if it determines that a particular Unitholder’s trading activities are detrimental to the Fund or otherwise disruptive to efficient portfolio management. Such transactions could be rejected by the Manager because of the timing or amount of the order or because of a history of excessive trading. The Manager may take such additional action as it considers appropriate to prevent further similar activity by the unitholder. These actions may include the delivery of a warning to the unitholder, placing the unitholder/account on a watch list to monitor his or her trading activity and the subsequent refusal of further trades by the unitholder if the unitholder continues to attempt such trading activity, and/or closure of the unitholder’s account.

The Manager reserves the right to restrict, reject or cancel, without any prior notice, any purchase or switch order, including transactions that are deemed to represent inappropriate or excessive short-term trading.

FEES AND EXPENSES

Management Fee Distributions

To encourage large investments in the Fund or to accommodate special situations, the Manager may reduce the management fees we charge. The reduction is usually based on the cumulative size of your investments in series A or F units of the Fund.

If your investments qualify, the Manager will calculate the reduction in the management fees according to a fixed schedule that we may change at our discretion. If the Manager reduces the usual management fee for the Fund, the Fund will give you the reduction in the form of a special distribution, which is called a management fee distribution.

The Manager calculates management fee distributions on each business day. They are distributed or paid regularly to eligible investors. The Manager will reinvest the distribution in additional units of the Fund. For the Fund, management fee distributions are made first out of net income and net realized capital gains and then out of capital. See “Income Tax Considerations” below for information on the tax consequences of management fee distributions.

INCOME TAX CONSIDERATIONS

Canadian Income Tax Considerations

The following summarizes the principal Canadian federal income tax considerations with respect to the acquisition, ownership and disposition of units of the Fund generally applicable to an individual investor, other than a trust, resident in Canada, who deals at arm’s length with the Fund and holds units as capital property.

This summary is based on the current provisions of the Tax Act the regulations thereunder (the “**Regulations**”), specific proposals to amend the Tax Act and Regulations announced by the

Minister of Finance (Canada) (“**Minister**”) prior to the date hereof (the “**Amendments**”) and the published administrative policies and assessing practices of the Canada Revenue Agency. This summary does not take into account or anticipate any other changes in law whether by legislative, regulatory, administrative or judicial action.

The Fund is expected to qualify as a mutual fund trust under the Tax Act at all material times. This summary is based on the assumption that the Fund will qualify as a “mutual fund trust” under the Tax Act effective at all material times.

This summary is not exhaustive of all possible federal income tax considerations and does not take into account or anticipate any changes in law, whether legislative, governmental or judicial action, other than the Amendments. This summary does not deal with foreign, provincial or territorial income tax considerations. This summary does not deal with the deductibility of any fees payable directly by investors. This summary does not constitute legal or tax advice to any particular investor.

Each investor should seek independent advice regarding the income tax consequences of investing in units of the Fund, based upon the investor’s own particular circumstances.

Taxation of the Funds

The Fund is subject to taxation under Part I of the Tax Act in each taxation year on the amount of its net income for Canadian tax purposes for the taxation year, including net taxable capital gains, less the portion thereof that is paid or payable to holders of units of the Fund in the calendar year ending in the taxation year. The Fund will distribute to Unitholders in each year a sufficient amount of its net income and net realized capital gains so that, generally, it should not be liable for tax under Part I of the Tax Act.

Income of the Funds from foreign sources may be subject to foreign withholding tax.

Taxation of Unitholders

A Unitholder of the Fund will be required to include in computing the Unitholder’s income such portion of the Fund’s net income and the taxable portion of the Fund’s net realized capital gains, if any, as is paid or payable to the Unitholder by the Fund, whether or not such amount has been reinvested in additional units. This may include a Management Fee Distribution. Any losses of the Fund for purposes of the Tax Act cannot be allocated to, and cannot be treated as a loss of, a Unitholder. Provided that appropriate designations are made by the Fund, such portion of net taxable capital gains, foreign source income and taxable dividends received on shares of taxable Canadian corporations, if any, of the Fund that are paid or payable to the unitholders (including such amounts reinvested in additional units) will effectively retain their character and be treated as taxable capital gains, foreign source income and taxable dividends of the Unitholders. Foreign source income received by the Fund will generally be net of any taxes withheld in the foreign jurisdiction. The taxes so withheld will be included in the determination of income under the Tax Act. To the extent that the Fund so designates in accordance with the Tax Act, unitholders will be entitled to treat such taxes withheld as foreign taxes paid by the Unitholders. To the extent that distributions (including Management Fee Distributions) to a Unitholder by the Fund in any year exceed the Unitholder’s share of the net income and net realized capital gains

of the Fund for that year, those distributions (except to the extent that they are proceeds of disposition as described below) may be a return of capital and, if so, will not be taxable to a Unitholder but will reduce the adjusted cost base of the Unitholder's units. To the extent that the adjusted cost base of a Unitholder's units is reduced to less than zero, the Unitholder will be deemed to realize a capital gain equal to the negative amount and subsequently the adjusted cost base will be increased to nil. Unitholders who purchase units may be taxable on accrued but undistributed income, accrued but unrealized capital gains and realized but undistributed capital gains that are in the Fund at the time the units are purchased and that were reflected in the price of the units.

Capital Gains and Alternative Minimum Tax

Upon the disposition or deemed disposition by a Unitholder of a unit, whether by redemption or otherwise, a capital gain (or capital loss) will be realized to the extent that the proceeds of disposition, less any costs of disposition, exceed (or are less than) the adjusted cost base to the Unitholder of the unit. Generally, one-half of a capital gain (or capital loss) is included in determining a Unitholder's taxable capital gain (or allowable capital loss). Under the alternative minimum tax provisions of the Tax Act, capital gains realized by an individual may give rise to a liability for minimum tax.

A switch from one series of the Fund to the other series of the Fund will not result in a disposition for tax purposes and will not result in a capital gain or loss.

Eligibility for Registered Plans

Provided that the Fund qualifies at all material times as a mutual fund trust under the Tax Act, units of the Fund will be qualified investments for RRSPs (including related locked-in plans), RRIFs (including related locked-in plans), DPSPs, RESPs, RDSPs and TFSAs. Annuitants of RRSPs and RRIFs and holders of TFSAs should consult with their own tax advisor as to whether units would be a prohibited investment in their particular circumstances.

REMUNERATION OF DIRECTORS AND OFFICERS

No remuneration, fees or reimbursement of expenses is paid by the Fund to the directors or officers of GGAI or the directors or officers of the Portfolio Advisor of the Fund.

The Fund pays costs and expenses related to the Fund's IRC (collectively, "**IRC Costs**"). IRC Costs include compensation paid to members of the IRC in the form of an annual retainer for each IRC member, a separate retainer for the chairperson, fees payable for each meeting attended, insurance and reimbursement for reasonable expenses incurred by the members of the IRC in the performance of their duties. For the year ended December 31, 2012, the Fund paid \$1,570 towards IRC costs. The IRC members collectively received \$20,500 in compensation for services provided to the Fund and other funds managed by the Manager. The following amounts were paid to Sue Bochner (Past chair - \$4,000.00), Bibi Nazreen Ali (\$6,500.00), each whose terms have ended, and Richard Healy (\$3,000.00), who has resigned. As of August 2012, the IRC members are Bruce Monus (Chair - \$4,000.00), Chandar Singh (\$3,000.00) and (as of November 2012) Ahmed A. Khan (\$0).

No remuneration, fees or reimbursement of expenses is paid by the Fund to the Trustee.

MATERIAL CONTRACTS

Copies of material contracts, listed below, are available for inspection at the head office of GGAI, located at 100 Mural Street, Suite 201, Richmond Hill, Ontario L4B 1J3.

- Declaration of Trust dated February 6, 2009
- Management Agreement dated February 6, 2009
- Investment Management Agreement dated March 3, 2009
- Custodian Agreement dated November 3, 2008
- Registrar and Transfer Agency Agreement dated November 3, 2008

ONGOING LEGAL AND ADMINISTRATIVE PROCEEDINGS

The Ontario Securities Commission (“OSC”) recently completed a compliance review of the Manager and certain entities related to the Manager (collectively, the “Global Entities”) and noted concerns that were referred to the Enforcement Branch of the OSC. On July 26, 2012, a Temporary Order was issued by the OSC imposing terms and conditions requiring the Global Entities to retain an independent consultant and an independent monitor to assist in strengthening their compliance systems. The Manager consented to these terms and conditions.

The independent consultant is working with the Global Entities to develop and implement improved compliance systems.

The Global Entities and certain officers received letters dated December 4, 2012 from the OSC. The OSC is of the view that these companies and a certain officer made investment decisions on behalf of a related fund (the “Plan”) without being registered to do so, failed to refer conflicts of interest in connection with the Plan to the IRC, failed to provide full, true and plain disclosure of material conflicts of interest in the Plan’s 2009 and 2011 Prospectuses, failed to meet the standard required of an investment fund manager, and failed to establish and maintain suitable compliance systems. A copy of the Temporary Order is available on the OSC’s website.

On January 10, 2013, the OSC commenced proceedings to determine whether it is in the public interest to make an order against the Global Entities and the named officers. The Statement of Allegations is available on the OSC’s website. Each of the Global Entities and the named officers denies the allegations and intend to vigorously defend the proceedings.

Auditor's Consent

We have read the Simplified Prospectus (the "Prospectus") and Annual Information Form of the Global Iman Fund (the "Fund") dated March 28, 2013 relating to the issue and sale of Series A and Series F units of the Fund. We have complied with Canadian generally accepted standards for an auditor's involvement with offering documents.

We consent to the use, through incorporation by reference in the Prospectus, of our report to the unitholders of the Fund on the statement of investments as at December 31, 2012, the statements of net assets as at December 31, 2012 and 2011 and the statements of operations and changes in net assets for the years ended December 31, 2012 and 2011. Our report is dated March 25, 2013.
